NEW SERIES, VOLUME 1, JULY–DECEMBER, 1906

No. 1

GOVERNMENT PRINTING OFFICE

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A, BOOKS

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books, for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Aicard (Jean) Benjamine" will be found the number 55274. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately below the copyright notice is the Library of Congress order number for the printed card for this title. Thus at the end of the title "Baker, Moses Nelson. Potable water." is the number 6-21209, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used. The omission of this number indicates that no card is printed for the title.

To save space the copyright notice after each title is abbreviated. Thus the notice under the second title would read, if printed in full, "Copyright by Edward Thompson co., Northport, N. Y. Class A, XXc, no. 141340, Mar. 22, 1906; 2 copies received June 20, 1906."

NEW SERIES, VOLUME 1, JULY–DECEMBER, 1906

No. 2

WASHINGTON

GOVERNMENT PRINTING OFFICE

1906

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A, BOOKS

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books, for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Alexander, De Alva Stanwood," will be found the number 56953. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately below the copyright notice is the Library of Congress order number for the printed card for this title. Thus at the end of the title "Alexander, De Alva Stanwood. A political history of the state of New York," is the number 6-21392, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used. The omission of this number indicates that no card is printed for the title.

To save space the copyright notice after each title is abbreviated. Thus the notice under the first title would read, if printed in full, "Copyright by Henry Holt & co., New York, N. Y. Class A, XXc, no. 147823, June 8, 1906; 2 copies received June 16, 1906."

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A. BOOKS

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Abbott, Charles Conrad," will be found the number 58842. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "Abbott, Charles Conrad. The rambles of an idler." is the number 6–23559, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used. The omission of this number indicates that no card is printed for the title.

NEW SERIES, VOLUME 1, JULY-DECEMBER, 1906

No. 4

WASHINGTON
GOVERNMENT PRINTING OFFICE

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A. BOOKS

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Ambrose, *Brother*" will be found the number 2. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "Ambrose, *Brother*. Rosaline Fay; a southern idyl" is the number 6-23314, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used. The omission of this number indicates that no card is printed for the title.

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS; INDEX

NEW SERIES, VOLUME 1, JULY–DECEMBER, 1906

No. 5

August 2, 1906

WASHINGTON
GOVERNMENT PRINTING OFFICE
1906

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A, BOOKS

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Abhedânanda, *swâmi*" will be found the number 447. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "Abhedânanda, *swâmi*. India and her people" is the number 6-24887, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used. The omission of this number indicates that no card is printed for the title.

NEW SERIES, VOLUME 1, JULY–DECEMBER, 1906

No. 6

WASHINGTON

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A, BOOKS

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Alger, Horatio, *jr.*" will be found the number 706. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "Alger Horatio, *jr.* Joe the hotel boy; or, Winning out by pluck," is the number 6–25693, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A BOOKS.

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Alabama, *Supreme court*" will be found the number 857. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "Andrews, Herbert Cornelius," is the number 6-26561, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A BOOKS.

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Aleksîeev, P[etr Petrovich]" will be found the number 1076. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "Aleksîeev, P[etr Petrovich]. General principles of organic syntheses," is the number 6–27698, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A BOOKS.

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Alessio, Agostino d'" will be found the number 1270. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "Alessio, Agostino d'. The art of designing, cutting and grading gentlemen and boys clothes," etc., is the number 6-28433, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.

WASHINGTON
GOVERNMENT PRINTING OFFICE

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A BOOKS.

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Abbott, Jacob, Alexander the Great," will be found the number 1943. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "Abbott, Jacob, Alexander the Great," etc., is the number 6–28003, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.

WASHINGTON

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A BOOKS.

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "American economic association," will be found the number 2207. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "Avery, Elroy McKendree, Elements of natural philosophy," etc., is the number 6-29542, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A BOOKS.

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Abbot, Francis Ellingwood, 1836–1903," will be found the number 2414. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "Abbot, Francis Ellingwood, 1836–1903. The syllogistic philosophy or prolegomena to science," is the number 6–29755, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.

WASHINGTON

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A BOOKS.

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "The American Jewish year book," will be found the number 2618. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "Anson, Sir William Reynell. Principles of the English law of contract," is the number 6—32132, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.

PART 1:

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS; INDEX

NEW SERIES, VOLUME 1, JULY-DECEMBER, 1906

No. 14

October 4, 1906

WASHINGTON
GOVERNMENT PRINTING OFFICE
1906

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A BOOKS.

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "American academy of dramatic arts," etc., will be found the number 3315. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "Andrews, Mrs. Mary Raymond Shipman. Perfect tribute," is the number 6–32361, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A BOOKS.

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Ambler, Sara Ellmaker," will be found the number 3462. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "The dear old home," is the number 6–34046, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.

NEW SERIES, VOLUME 1, JULY–DECEMBER, 1906

No. 16

WASHINGTON
GOVERNMENT PRINTING OFFICE

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A BOOKS.

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "William Taylor Adams," will be found the number 3799. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "Lake breezes," is the number 6–34809, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A, BOOKS

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "The American and English annotated cases," will be found the number 4019. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the Library of Congress order number for the printed card for this title. Thus at the end of the title "Attfield, John," is the number 6–35472, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.

NEW SERIES, VOLUME 1, JULY-DECEMBER, 1906

WASHINGTON
GOVERNMENT PRINTING OFFICE
1906

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A, BOOKS

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Selections from the works of Joseph Addison," will be found the number 4508. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "Addison, Joseph," is the number 6-35716, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.

NEW SERIES, VOLUME 1, JULY-DECEMBER, 1906

No. 19

November 8, 1906

WASHINGTON
GOVERNMENT PRINTING OFFICE
1906

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A, BOOKS

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Alabama. *Supreme court.* Reports . . . November term, 1904–1905," will be found the number 4804. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "Baker, Albert Rufus," is the number 6–37642, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS; INDEX

NEW SERIES, VOLUME 1, JULY-DECEMBER, 1906

No. 20

November 15, 1906

WASHINGTON
GOVERNMENT PRINTING OFFICE
1906

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A, BOOKS

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Howard S. Abbott. A treatise on the law of municipal corporations" will be found the number 5100. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "Allen, Philip Loring. 1878." is the number 6–38914, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A, BOOKS

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Abendschein, Albert," will be found the number 5521. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "The secret of the old masters," is the number 6–40200, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.

NEW SERIES, VOLUME 1, JULY-DECEMBER, 1906

No. 22

WASHINGTON

BOOKS; DRAMATIC COMPOSITIONS, MAPS AND CHARTS

CLASS A, BOOKS

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Adam, G[raeme] Mercer," will be found the number 5800. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title " . . . Spain and Portugal," is the number 6–38371, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A, BOOKS

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Abbott, Benjamin Vaughan," will be found the number 6683. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "The American-Honduras company," is the number 6–40987, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A, BOOKS

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Addison, *Mrs.* Julia de Wolf [(Gibbs)] 1866–," will be found the number 6889. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "The art of the Dresden gallery;" is the number 6–42448, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A, BOOKS

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Alarcón, Pedro A[ntonio] de," will be found the number 7124. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "Novelas cortas," is the number 6–43932, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.

BOOKS; DRAMATIC COMPOSITIONS; MAPS AND CHARTS

CLASS A, BOOKS

Includes books, pamphlets, leaflets, etc., and periodical contributions, in two groups, arranged alphabetically by author or title. The first group contains the titles of books for which printed catalogue cards are issued by the Library of Congress, and other similar works. The second group includes the titles of pamphlets, leaflets, and contributions to periodicals, and all other productions registered under the legal designation "book."

The number in heavy-faced type at the end of a title at the right is a serial number by means of which reference is made in the index to this title. Thus in the index under the heading "Adams, John Coleman," will be found the number 7351. A search for this number in the catalogue locates the title. This number is used instead of a page number.

The number at the end of a title at the left and immediately above the copyright notice is the **Library of Congress order number for the printed card for this title.** Thus at the end of the title "An honorable youth," is the number 6–45015, indicating that printed cards will be supplied by the Library of Congress, and that in ordering such cards this number may be used.
